

## **'I LOVE NICE'**

Come under the sun  
Where hearts fill with wonder.  
This is Nice  
And everything's sweeter than elsewhere...

Put down your bags, forget the schedules, Here  
we live, we breathe the sea.  
A wave of pleasure, a sun that opens  
And everything aligns when you discover:

Here the air has summer vibes,  
People are chill and unhurried.  
It's not a break or a mystery,  
It's a secret in the atmosphere.

This isn't just a place, it's an emotion.  
A breath of summer and a vibration.  
When you stop, everything becomes clear -You  
don't need more to love it here.

I love Nice, come feel the warmth,  
Under the azure, forget all your fears.  
Come walk on the Promenade,  
Sing to the rhythm of these waves.  
I love Nice, it's the summer we share,  
The laughter, the food, the faces,  
Pan Bagnat, relaxing on the beach.  
Only simple people, only kind people.

A festive air, even in broad daylight,  
Voices singing, loving glances,  
The socca's hot, the rosé flows,  
Here the heart is always cool.  
We speak in English, we laugh in Niçois,  
You don't need to know why,  
Just raise your arms, look over there –  
It's the Prom' and it's for you

This isn't just a place, it's an emotion,  
A breath of summer and a vibration.  
When you stop, everything becomes clear -You  
don't need more to love it here.

I love Nice, come feel the warmth  
Under the azure, forget all your fears.  
Come walk on the Promenade,  
Sing to the rhythm of these waves.  
I love Nice, it's the summer we share,  
The laughter, the food, the faces,  
Pan Bagnat, relaxing on the beach...  
Only simple people, only kind people  
  
Close your eyes... do you hear?  
It's the Mediterranean calling you,  
The azure opening  
And the city that loves you.  
  
I love Nice, come taste the light  
With an open heart and light soul.  
Place Masséna vibrates under your feet.  
It's not a dream, it's just like that.  
I love Nice, and you too.  
Here happiness takes shortcuts,  
Come, we're waiting, come without notice. Nice,  
it's life and let's go!

Turn up the mercury, the Fahrenheit!  
My city that sparkles like stars in the night.  
Take it all in, one look and you die  
Azure blue color, I watch them for hours.

I love Nice, come feel the warmth  
Under the azure, forget all your fears.  
Come walk on the Promenade,  
Sing to the rhythm of these waves.  
I love Nice, it's the summer we share,  
The laughter, the food, the faces,  
Pan Bagnat, relaxing on the beach.  
Only simple people, only kind people.
